

# Railroad Track

## Desperado 5

Well everybody come along with me  
I'll take you to a place you never did seen  
You gotta rhythm with the two left feet  
and a big man's band on a rolling street yeah  
aw yeah

He's got a rhythm and it's all you need  
So everybody come and rock your thing  
Take you down to the early days  
when the champagne flow like a river stream yeah

Yeah 'cause Imma go down on a railroad track  
and I ain't going back and no I ain't coming back  
'Cause Imma leaving town and I ain't coming back no more

So everybody come along with me  
Go down the river and wash your feet  
To where the people live a life that's sweet  
and a place that's ripe with the jungle heat yeah

Yeah well Imma go down on a railroad track  
and I ain't going back an' no I coming back  
'cause Imma leaving town and I ain't coming back no more

[whistle]

yeah 'cause Imma go down on a railroad track  
and I ain't going back and no I ain't coming back  
'cause Imma leaving town and I ain't coming back no more
