Cheapshot

Mother's Finest

written by Jerry Seay/ Wyzard

Shoot me baby, shoot me down
spread my name baby, all over town
does it really matter baby, to scandalize my name
I know you want me bad, but I'll never lay down

Is that really really all you got
Shoot me with your cheap shot
the fire ani't gonna ever stop
Shoot me with your cheap shot

I heard about it baby
so very low
I ought to grab you by your collar
and tell you where to go
but just look out your window
if you wanna know
just how much it hurts me baby
my good times will show

Is that really really all you got
Shoot me with your cheap shot
you never gonna get what I got
Shoot me with your cheap shot
your eyes may shine your teeth may grit
you never gonna get none of this
