

Talk It (feat. Dougie F)

Alus

Girl I'm hoping that that mouth do more than singing
We don't speak on half the shit that we be thinking

Well I been thinking bout the things
that you could do for me

if it's only gone be you and me

She know that Dougie don't like to play around

And when she come around
she know that we going rounds

Her pussy get the talking When I come and lay it down

She moaning in my ear I'm like ouh I love that sound

You came over here to make a move
so don't be acting shy like that

Tell me whatchu really finna do

And I might throw this thang right back

Ain't gon find a dime like me

Them other girls come free

No days off, this pay off

Is all you gon need

So if you came over here to make a move

Then boy you better be about that

Show me what that mouth do

Show me what that mouth do

Show me what that mouth do

Show me what that mouth do

So baby I know that u talk a lot of game

And I was hoping u could just back it up

U already know once I get in control

I just hope u could go and we match it up

I wake u up early to give u the D Ima pull on ya hair

I'm smack it up

u sucking ya teeth we gone mess up the sheets

Girl u know Ima beast I be acting up

You claiming ya good at whatchu do

But I don't know if I believe dat

If ya wanna get me in the mood

You gon have to prove that

Ain't gon find a dime like me

Them other girls come free

No days off, this pay off

Is all you gon need
Since you came over here to make a move
Then you gon have to be about that
Show me what that mouth do
Show me what that mouth do
Show me what that mouth do
Show me what that mouth do
Boy I been waiting for a minute
If this is whatchu want come and get it
You already know that I'm willing
Don't stop now take control
Oh you know that I'm with it
Usually I'm not the one to give in
But I think you're the one
So I'm all about you
Show me what that mouth do
mouth do
Show me what that mouth do
Show me what that mouth do
Show me what that mouth do
Show me what that mouth do
Show me what that mouth do
Show me what that mouth do
Show me what that mouth do
