Bumble Bees

Aqua

I know I'm not the only flower you see
But what can I do, you are a good looking bee
Wham bam, thank you mamOh bumble bee, bump into me
I am in for pollination
Bumble bee, take what you see
I'm in need for your donation
I can't wait for your invasionBe my love
'Cause I'm a single flower, feeling free
Blooming now

Take me honey, be my favorite beeHey Rose I'm ready again
I got my radar tuned in on you baby

I'm all set and ready to land

I'm the bum, here I come

Getting ready for a wham bamBumble bee, bump into me

I am in for pollination

Bumble bee, take what you see

I'm in need for your donation

You don't need no invitationWham bam, thank you mam

I'm going wham bam, thank you mam

I'm a true believer, that goes for what I see

And one little flower is not enough for a bee, like meAll I know

Is you're my honey and I can't say no

Just a little bit shy

And so excited when I see you flyHey Rose I'm ready again

I got my radar tuned in on you baby

I'm all set and ready to land

I'm the bum, here I come

Getting ready for a wham bamBumble bee, bump into me

I am in for pollination

Bumble bee, take what you see

I'm in need for your donation

You don't need no invitationWham bam, thank you mam

I'm going wham bam, thank you mam

I'm a true believer, that goes for what I see

And one little flower is not enough for a bee

No, one little flower is not enough for a bee, like meI know I'm not the only flower you see

But what can I do, you are a good looking bee

Honey, it's a job, it's a dream come true

You're my favourite flower, when I'm intimate with youWham bam, thank you mam

I'm going wham bam, thank you mam
I'm going wham bam, thank you mam
I'm a true believer, that goes for what I see
And one little flower is not enough for a beeGoing wham bam, thank you mam
I'm going wham bam, thank you mam
I'm a true believer, that goes for what I see
And you my flower ain't enough for meYou got to be faithful
It's not fair for a bee
You got to be faithful
It's not fair for a bee, like me
