

Boy From School (Hot Chip Re-Work)

Hot Chip

And I was a boy from school
Helplessly helping all the rules
And there was a boy at school
Hopelessly wrestling all his fools
And there was a girl at school
Blaming all the words she stole from home
Nothing would keep her a child
Long hours don't ? though we try We try but we don't have long
We try but we don't belong
We try but we didn't have long
We try but we didn't belong Now I meet you on the street
Helplessly breaking rules we meet
Life's unfound ? and love's ?
Say goodbye to nothing everything caused
Now I need you on my street
Hopelessly breaking rules we meet
Love's unfound ? and love's ?
Say goodbye to everything, nothing caused
