

# VPW 13 Blues

## John K. Samson

Back in those old punk rock days  
Mornings were rough enough  
Public access volunteers  
We were always, always in between  
Miking up the Tec Voc choir  
Waiting for our turn to play We were here to take your calls every telethon  
We were keeping drive alive  
At the Beausejour Senior Center dance  
Rolling down driver's side  
Toss an ember to the night  
We end this broadcast day  
We knew that it was coming  
We end this broadcast day  
Keep the camera running  
On the last time  
We end this broadcast day  
On the last time  
We end this broadcast day  
On the last time  
We end this broadcast day
