Bury the Evidence

Tricky

I can picture it now
You in your car
Left the bar
Playing big partKeep up complainin
Its probably rainin
Keeping complaining
Its probably rainingYoure gonna visit your car
Its one of my peeps
With a blow to your head
Is that what you need?Youre probably bleeding
Is that what you needed?
Youre probably bleeding
Just like a movieJust like a movie
Just like a movie
Life doesnt move me
Life doesnt move meI keep with you now
Here in your car
Left the bar
Playing the big partKeeping complaining
Its probably raining
Its one of my peeps
With a blow to your headIs that what you needed?
What you needed
What you needed
You caught me breathingIts just like a movie
Lifes just like a movie
Its like a movie
Just like a movieIt doesnt move me
Move me, move me
It doesnt move me
Life doesnt moveIt doesnt move me
Move me
Its like a blow to the head
Its like a blow to my headIt doesnt move me
Move me, move me
Move me
It doesnt move meIts like a movie
Just like a movie
Blow to the head

Lifes like a blow to the headWhat you needed
What you needed
What you needed
Lifes like a blow to the headIts that what you needed
Is that what you needed?
What you needed
A blow to the headMove me, move me
It doesnt move
It doesnt move
Its like a movieMovie, movie
Just like a movie
It doesnt move me
Its like a movie
