

Don't Shut Me Out

Keith Urban

Don't shut me out maybe baby
We should talk about it
'Cause you've got your doubts but maybe, baby
They might be unfounded Have a little faith you'll make it through
I'd never hesitate to talk to you
If you tell me just what's weighing on your mind
Maybe it could help you sleep tonight
So don't shut me out Don't be so proud don't ya know that
Before a fall it leaves ya
And it'll take you down baby that ain't
Where I want to see ya The sun'll rise tomorrow come what may
And you'll feel better than you do today
And in time you'll cry no more
I know 'cause my heart's been there before And here I am when you need someone
My shoulder's yours to cry upon
And everybody now and then
Needs and understanding friend around
So don't shut me out Don't shut me out maybe baby
We should talk about it
'Cause you've got your doubts but maybe, baby
They might be unfounded
Listen to your heart and clear your mind
And you will find the answer every time
Every road you travel on will lead
To where it is your heart's supposed to be And here I am when you need someone
My shoulder is yours to cry upon
And everybody now and then
Needs an understandin' friend around
So don't shut me out, don't shut me out, don't shut me out
