Drive

Adelitas Way

Life can be black and white
We need a little colour
That's what I'm searching forFeels like I'm driving blind
I need a little summer
I need to feel the warmthThe touch, the taste
I'm feeling all my senses going off
The way that you do
A moth, the flame, I finally got the message
Is it love?
Is it love?It's like I'm burning alive
You are the fuel in my fire, tonight
I'm burning alive
I've got a ticket to ride, the nightDrive, Drive, Drive
(Lets just drive)
Drive, Drive, Drive
(Lets just drive)
Drive, Drive, Drive
(Lets just drive)
Drive, Drive, Drive
(Lets just drive)Her body lights the streets
Sometimes her beauty's blinding
I let her take my soul
Ohhhh....The touch, the taste
I'm feeling all my senses going off
The way that you do
A moth, the flame, I finally got the message
Is it love?
Is it love?It's like I'm burning alive
You are the fuel in my fire, tonight.
I'm burning alive
I've got a ticket to ride, the nightDrive, Drive, Drive
(Lets just drive)
Drive, Drive, Drive
(Lets just drive)
Drive, Drive, Drive
(Lets just drive)
Drive, Drive, Drive
(Lets just drive)I'm seeing colour
I'm seeing colour

I'm seeing colour
YeahIt's like I'm burning alive
You are the fuel in my fire, tonight.
I'm burning alive
I've got a ticket to ride, the night
Drive!Drive, Drive, Drive
(Lets just drive)
Drive, Drive, Drive
(Lets just drive)
Drive, Drive, Drive
(Lets just drive)
Drive, Drive, Drive
(Lets just drive)
