

Paco!

Ladytron

Ground floor, ladies' clothes, sportswear, stationery
First floor, kitchenware, furnishings, confectionery
Second floor, children's toys, back to school, and many more
Fourth floor, electronic, fake antiques, and lingerie
I saw your face on a black-and-white screen
I knew your name from the checkout machine
You don't have to spend, you just have to pretend
Ground floor, ladies' clothes, sportswear, stationery
First floor, kitchenware, furnishings, confectionery
Second floor, children's toys, back to school, and many more
Fourth floor, electronic, fake antiques, and lingerie
I saw your face on a black-and-white screen
I knew your name from the checkout machine
You don't have to spend, you just have to pretend
Ground floor, ladies' clothes, sportswear, stationery
First floor, kitchenware, furnishings, confectionery
Second floor, children's toys, back to school, and many more
Fourth floor, electronic, fake antiques, and lingerie
I saw your face on a black-and-white screen
I knew your name from the checkout machine
You don't have to spend, you just have to pretend
Ground floor, ladies' clothes, sportswear, stationery
First floor, kitchenware, furnishings, confectionery
Second floor, children's toys, back to school, and many more
Fourth floor, electronic, fake antiques, and lingerie
I saw your face on a black-and-white screen
I knew your name from the checkout machine
You don't have to spend, you just have to pretend
