

I Can Do U

Fat Joe

I can do u, do u, better, better, better
Than he can, baby, baby
I can do u, do u, better, better, better
Than he can, baby, babyI don't usually do this but I had to push upon you
Excuse if I stutter, d-d-damn, it gets no better
I'm pretty sure you heard it flies no matter the weatherGot a girl, you got a man, this'll be our secret
He plays for the Heat, well, that's so convenient
I'm at the games all the time
While your man runs games, it's a shame how he liesI can lend a little more than a earful
I know Ma, you're more than a Dior and a hairdo
Yes, furthermore, let me prepare you
Now get it on the floor, ma, don't mean to scare youBut I'ma, punish that then run it back
'Til the sun come up, you screamin' let us crack
Now how you do that? That thing when you do that
Ma, if I could sing, I would whisper to you thatI can do u, do u, better, better, better
Than he can, baby, baby
I can do u, do u, better, better
Than he can, baby, babyDamn, dammit baby, let me talk to ya
Fly, put your cell back in your purse, let me tell you why
A nigga like me gotta be in your life
Damn, this evening is nice, let me share some advice wit'challYou're lookin' like you need a reason to smile
You're lookin' kind of, well, lookin' kind of right
Has anyone ever told you you look like Karen White?Sprinkled with some Beyonce, a little bit of Janet Jackson
Way before them actions, girl, quit actin' like you ain't feelin' me
When you feelin' me, damn, baby, please get up off your kneesAnd we can flow, we can fly
We can do it, babyI can do u, do u, better, better, better
Than he can, baby, baby
I can do u, do u, better, better
Than he can, baby, babyWhat'chu know about your main man Flow Joe?
Chicks say, I resemble that nigga Boss Kojo
And the way I move is, oh, so fly
Ma, take a look in my eyes and justWatch yourself, yeah, I know them doors swing open awkward
Man, I don't know why they made 'em like that but
Sip some Petron, slip off your clothes
Girl, let's get it on, ma, turn off your phone'Cause we don't need no interruptions
Hop on your good foot, let's get into somethin'
And don't it feel so right?
Got a T, you can wear for the rest of the nightAnd we can flow, we can fly
We can do it, babyI can do u, do u, better, better, better

Than he can, baby, baby
I can do u, do u, better, better, better
Than he can, baby, babyI can do u, do u, better, better, better
Than he can, baby, baby
I can do u, do u, better, better, better
Than he can, baby, baby
