

# Shady

## Adam Lambert

Baby, I'm on the hunt  
Baby, I got my target on you  
Trouble, that's what I want  
And I'm gonna do  
Just what I have to  
Get your ass down to the front  
Go on and roll it out, I dare you  
Sorry I'm kinda drunk but  
Did you just say your game  
Was brand new No, I ain't broken, but I  
Need a fix  
That satisfaction when I  
I get my kicks I'm up all night  
I'm outta sight  
Don't turn on the light  
'Cause I'm feeling so shady lately Come on and take me  
Underground deep  
Under the street  
Come on and take me  
Take me down where  
Freaks like us can meet Turn it up, turn it up, turn it up  
Turn it way up, don't stop the beat  
Come on and turn me, turn me out  
'Cause I'm feeling so shady lately Gonna go and get me a shot  
Gonna knock it back, forget all  
My Blues  
Yeah, that really hits the spot  
I'm feeling pretty fierce in my  
Dancin shoes No, I ain't broke but I  
Need a fix  
That satisfaction when I  
Get my kicks I'm up all night  
I'm outta sight  
Don't turn on the light  
'Cause I'm feeling so shady lately Come on and take me  
Underground deep  
Under the street  
Come on and take me  
Take me down where

Freaks like us can meet Turn it up, turn it up, turn it up  
Turn it way up, don't stop the beat  
Come on and turn me, turn me out  
'Cause I'm feeling so shady lately I throw more shade than a cloudy day  
The brakes don't work, I'm just a  
Runaway train  
Somebody come and help me out,  
All I wanna be is free  
I was tryin' to get down, now I can't  
Get out  
I'm shady lately Come on and take me  
Underground deep  
Under the street  
Come on and take me  
Take me down where  
Freaks like us can meet Turn it up, turn it up, turn it up  
Turn it way up, don't stop the beat  
Come on and turn me, turn me out  
'Cause I'm feeling so shady lately  
Turn it up, turn it up, turn it up  
Turn it way up, don't stop the beat Come on and turn me, turn me out  
'Cause I'm feeling so shady lately  
Shady lately, that's how I play  
They say maybe it's just a phase  
Shady late, runaway train  
Blame the game, quit blaming the gays  
'Cause I'm feeling so shady lately
