

# Nuclear

## Camera

Are we ever getting out of here?  
I just wanna be anywhere tonight.  
Will we ever be free from fear?  
Why are things so unclear?

I don't wanna be caged by fear  
Can't you tell me if I'll ever be alright?  
I just wanna be far from here.  
Why are things so unfair?

Am I ever getting out of here?  
I just wanna be anywhere tonight.  
Will we ever be free from fear?  
Without ever going nuclear.
