

Different Class

Ben Utomo

[BEN]

Yeah, Im that college educated
All you rappers overrated
Yeah, im flying i'll be faded
All this big about that real shit
Oh, what a shame all this indo rappers lame
Except for ma homies we gon take over the game
Should they know who's run the show
Should they know who's really dope
I got different flow, no metaphor
But i got that shit, when i want to
Don't give a fuck about the view
on you videos
If you ain't got no flow,
then you ain't nothing ho

[HOOK]

I got that shit, yeah, yeah, yeah
Making that shit like err day
Spittin the rhymes in different way
So don't you worry bout my pay
Don't you worry bout my pay bitch
Don't you worry bout my pay, bout my pay
We're on different class, yeah, yeah, yeah
We're on different class, i'm college educated homie
We're on different class
We're on different class, yeah, yeah, yeah
We're on different class, i'm college educated homie
We're on different class

[MACBEE]

Ten mark this on me
Setarakanku baru bisa salami
Hip hop t'lah mendarah daging, jadi mohon maklumi
Rap ku di rhyme, meski kau belum memahami
Para pembenci menggerutu, bila lihat kini ku bertambah mutu
Pedulikan mu, hanya buang waktu
Dalam industri, sementara kau di pintu
Kutaraja dalam arah nomer satu

Bukan mau lekas, tapi ku kepala batu
Percuma harapanku jatuh
Percaya mencoba terjebak di jalan buntu
Feel best, untuk semua yang kudapat
No time, bila kau ingin berdebat
Kita di gedung yang sama, namun jelas beda tingkat
Ku lewati tiap proses bukan dengan cara singkat

[HOOK]

I got that shit, yeah, yeah, yeah
Making that shit like err day
Spittin the rhymes in different way
So don't you worry bout my pay
Don't you worry bout my pay bitch
Don't you worry bout my pay, bout my pay
We're on different class, yeah, yeah, yeah
We're on different class, i'm college educated homie
We're on different class
We're on different class, yeah, yeah, yeah
We're on different class, i'm college educated homie
We're on different class

[A.NAYAKA]

When motherfuckers be overrated
Im not hate it, yeah, hell of faded
I know you, and your crew, made it
But your bitch say, i sound amazing
She put on my mixtape, when she in her wheel
Around, round the city,
Which your main bitch on ma dick, yeah
I smoke good, i got class
I'm coming up, like real fast
If you never talk about rap battle
I catch bodies like an assault rifle
Fuck you, and your fuck tallent
If you tryna go look at me
I butch you in the street
I show you who the man, out here
Let's get it

[HOOK]

I got that shit, yeah, yeah, yeah
Making that shit like err day
Spittin the rhymes in different way
So don't you worry bout my pay

Don't you worry bout my pay bitch
Don't you worry bout my pay, bout my pay
We're on different class, yeah, yeah, yeah
We're on different class, i'm college educated homie
We're on different class
We're on different class, yeah, yeah, yeah
We're on different class, i'm college educated homie
We're on different class
