

Cutest Girl

Corey

Seen her walking by, lady caught my eye
Girl was so divine got let her know
I wanna make her mine, wanna spend my time
Wanna give her everything she wants, bottom line Tell me how you feel, what's the deal for real?
'Cause I gotta, I gotta know for sure
Do you feel me like I feel you?
Don't know what it is but there's something about you Is it her smile? Is it her clothes?
Is it her style? I don't know
She's so fine, blow your mind
She's the cutest girl I ever seen, cutest girl I ever seen Is it her smile? Is it her clothes?
Is it her style? I don't know
She's so fine, blow your mind
She's the cutest girl I ever seen, cutest girl I ever seen This girl was so sweet, sweet like candy
Skin like cinnamon this girl was heaven sent
She had light brown eyes, stood bout 4 foot 5
Had me day dreaming, I just can't get her off my mind Like how a make her smile, can we talk while
Would you mind if we hang out tell me are you down
Do you feel me like I feel you?
Don't know what it is but there's something about you Is it her smile? Is it her clothes?
Is it her style? I don't know
She's so fine, blow your mind
She's the cutest girl I ever seen, cutest girl I ever seen Is it her smile? Is it her clothes?
Is it her style? I don't know
She's so fine, blow your mind
She's the cutest girl I ever seen, cutest girl I ever seen Never thought I'd feel this way, till the day that she came
Had me just wilding out, whatever she wants I'm down
Never thought I'd feel this way, till the day that she came
Had me just wilding out, whatever she wants I'm down Is it her smile? Is it her clothes?
Is it her style? I don't know
She's so fine, blow your mind
She's the cutest girl I ever seen, cutest girl I ever seen Is it her smile? Is it her clothes?
Is it her style? I don't know
She's so fine, blow your mind
She's the cutest girl I ever seen, cutest girl I ever seen Is it her smile? Is it her clothes?
Is it her style? I don't know
She's so fine, blow your mind
She's the cutest girl I ever seen, cutest girl I ever seen Is it her smile? Is it her clothes?
Is it her style? I don't know
She's so fine, blow your mind

She's the cutest girl I ever seen, cutest girl I ever seen
