

# Superhero (Acoustic Remix)

## Family Force 5

(Verse 1)Fear has taken me  
To a place I shouldn't be  
Pretending not to care  
If seeing is believing now it's here  
Read my face  
There's a past I can't escape  
Yeah, I keep running  
I keep running away(Chorus)Superhero  
Save my life tonight  
I know You'll be there to fight  
I won't let go  
Bring me in the light  
Superhero  
Save my life tonight  
Save my life tonight(Verse 2)The spark is now a flame  
The fire that you breathed inside of me  
Now there is no doubt  
There will be some knocking down  
And dragging out  
You built me up  
And I'm forever changed  
If I should fall then I'll just call your name  
Your name(Chorus)Oh oh oh  
Save my life tonight  
Oh oh oh  
Superhero  
Superhero(Chorus)
