On My Mind

Color Me Badd

Thinkin' back on how we use to be
Oh Oh
Your on my mind constantly
Free your love come with me
I wanna' give you everything (oh baby)
I wanna' give you everything (Yeah!)
Your on my mind constantly
Free your love come with me. (free you love)
I wanna' give you everything
I wanna' give you everything
Thinkin' back on how, we use to be
In the past, I'm a wishin'
You'd always, stay the same
And it would last, baby your on my mind
Your on my mind constantly, (constantly)
Free your love come with me
I wanna' give you everything
I wanna' give you everything
Your on my mind constantly
Free your love come with me. (free your love)
I wanna' give you everything
I wanna' give you everything
What is the problem? I don't understand?
You used to tell me everything, 'cause' I was your man
I put my trust in you, gave you all my time
Now you turn your back on me, I don't even know why? (no baby)
I gave you all of my time (ooh)
I had to make it right (make it right)
Everything I do, I wanna' share it all with you. (I wanna' share)
When I see your smiling face, your the one who makes my day
Let me kiss you for a while, turn your frown into a smile
On my mind constantly (constantly)
Free your love, I wanna' give you everything
Baby I can make you smile, your smile, your smile
Your on my mind, my mind, my mind, your on my mind
Your on my mind constantly, (constantly)
Free your love come with me
I wanna' give you everything
I wanna' give you everything

Your on my mind constantly
Free your love come with me. (free your love)
I wanna' give you everything
I wanna' give you everything
Your on my mind constantly, (constantly)
Free your love come with me
I wanna' give you everything
I wanna' give you everything
Your on my mind constantly
Free your love come with me. (free your love)
I wanna' give you everything
I wanna' give you everything
Baby I can make you smile again
Ya let me see you smile?
Baby I can make you smile again
Let me see you smile again-baby
