Wake Down

Lacrimas Profundere

We return maybe
To all walls of poise
To bring you life
I said you firstWake up, wake down
Wake up wake downNo tears
Please resist
When will be there?
NeverWake up, wake down
Wake upI held you or no one
For a bitter touch
Light us firstSet you free my tear
Is this a life or a compromise?
When will we be there?
At our rest[Incomprehensible]
[Incomprehensible]I held you or no one
For a bitter touch
Light us firstSet you free my tear
Is this a life or a compromise?
When will we be there?
At our rest
