Vanity (feat. Dylan Holland)

Cierra Ramirez

Vanity
Iâ€™m caught in your fingers yelling out your name
Iâ€™m yelling out vanity
Canâ€™t sleep without you on my mind
Iâ€™m addicted to vanity
Love stronger than ketamine, no methamphetamine
Draining my soul right out of my body (x2)
But Iâ€™m yelling out vanity
Your love is like my enemy
Youâ€™re gonna be the death of me
Venom in my veins from your kiss
Legs numb to faded to feel shit
Feeling better than I ought to be
We burninâ€™ waves of sin a little dim with the tonics where I probably be
And when I leave I hope you follow me
Running out of time Iâ€™m slowly draining
But still I fall asleep at night
And youâ€™re the last thing on my mind
There ainâ€™t no drug this side of town
I can use to ease the night
I want to be inside of your mentality
But the thought of your body is surrounding me
Got me on my knees
Baby, please
Iâ€™m, Iâ€™m sitting here stuck just yelling out
Vanity took all the sanity away from my head
And left me alo-oo-oone
Canâ€™t you see not even therapy
Can stabilize my head or rebuild my so-oo-oul
Iâ€™m out of my mind
Out of my mind (x3)
My mind(x2)
Cause Iâ€™m out of my mind, Iâ€™m out of my mind,
Iâ€™m out of my mi-ii-iind, Iâ€™m out of my mind,
Iâ€™m out of my mind and Iâ€™m yelling out
Vanity
Iâ€™m covered in sin of this shit again
Iâ€™m so addicted to vanity
canâ€™t sleep cause youâ€™re always on my mind

I wish it wasnâ€™t vanity
Itâ€™s like a match touching kerosene
The shit you did to me
Draining my soul right out of my body (x2)
But Iâ€™m yelling out vanity

(Dylan Holland)
I canâ€™t stay away
She put that thing on my lap
And I thatâ€™s where I got carried away
(Both)
Moving my hands to your hips
I can tell by the look on your face that you want it
(Dylan)
Iâ€™m hooked on your loving and I canâ€™t get off it
We got personal problems and weâ€™re praying that we can solve â€˜em
Iâ€™m standing still with no emotion
Fuck love
Iâ€™d rather drown deep in the ocean
(Both)
Because I get no sleep at night
Without you somewhere on my mind
I took a hit off of your love
Now I am beat the night
Youâ€™re too deep inside of my mentality
And the thought of your body
Is surpassing me
Got me on my knees
Baby, please
Iâ€™m, Iâ€™m sitting here stuck just yelling out
(both)
Vanity
Took all the sanity away from my head
And left me alo-oo-one
Canâ€™t you see not even therapy
Can stabilize my head or rebuild my soul
(Dylan)
Out of my mind(x4)
Iâ€™m out of my mind
Cause Iâ€™m out of my mind
Out of my mind
Iâ€™m out of my mind(x3)
And Iâ€™m yelling out
Vanity
