

# Undercurrent

## Megashira

Lies are all that we hear  
Death your undertones of fear  
Lies are what causes fear  
Death you and all that I hear  
This in your eyes  
So clear your eyes  
Undercurrents  
We cannot believe  
Undercurrents  
Slowly drowning me  
Face me look in my eye  
Hate me I see through your mind  
Face me you still cannot  
Hate me drowning in lies  
Your lies can't hide  
So clear your mind  
Undercurrents  
We cannot believe  
Undercurrents  
Slowly drowning me, aah  
Drown  
Haha  
Undercurrents  
We cannot believe  
Undercurrents  
Slowly drowning me  
Undercurrents  
Slowly drowning me  
Undercurrents  
Slowly drowning me  
Undercurrents  
Slowly drowning me  
Undercurrents  
Slowly drowning me  
Undercurrents  
Slowly drowning
