

# Philistines

Gregory Isaacs

What a lala.....

Verse 1:

According to the fills

The Philistines surround my hills

Got to make a run

They're behind me with a gun

But there's one thing I've got to say

I'm not doing any sentence

For what I don't know now, know now, know now

I'm not doing any sentence

That's why I've got to go

Verse 2:

According to the fills

My feet are my only wheels

Still I've got to live

Although I'm the fugitive

Yes there's one thing I've got to say

For what I don't know now, know now, know now

I'm not doing any sentence

That's why I've got to go

Yes I've got to go

Verse 3:

According to the fills

The Philistines surround my hills (Lord)

I've got to make a run for it

They're behind me with a gun

Got to let you know,

I'm not doing any sentence

For what I don't know now, know now, know now

I'm not doing any sentence

That's why I've got to go

Let them know

'Bout to, 'bout to leave
