

# When I close my eyes

Jake Donze

Wishing on a distant star  
A glimpse of what we had  
It is you I think about  
Our memories of love  
As time goes by  
I found the reason why  
Why I'm falling deeper into you  
When I close my eyes  
Then I realize  
With you I wanna be  
And with open arms  
I'm waiting for the hour  
For the time that you will see  
See and feel the love  
We deserve to have  
You and I are meant to be  
When I close my eyes  
You are here with me  
I can't help but cry  
Dwellin' on the past  
Kisses in the night  
That never falls apart  
And all this time  
I never stop to try  
To bring back all that's left behind

When I close my eyes  
Then I realize  
With you I wanna be  
And with open arms  
I'm waiting for the hour  
For the time that you will see  
See and feel the love  
We deserve to have  
You and I are meant to be  
When I close my eyes  
You are here with me  
It's hard for me to face  
The truth and not the lies

I beg you to believe  
That I love you all my life  
When I close my eyes  
Then I realize  
With you I wanna be  
And with open arms  
I'm waiting for the hour  
For the time that you will see  
See and feel the love  
We deserve to have  
You and I are meant to be  
When I close my eyes  
You are here with me  
When I close my eyes  
You are here? with me
