Dealing With

Brandon Hart

I smoked too many cigarettes', I drank too much alcohol
and that's a problem that I'm dealing with yaaa its better not to get involved
its only gonna pick me up and take me to the place we all go oh oh oh
but in a moment it will feel okay
yaa its better when I loose control

(Chorus)
so here I am
swallow me whole
water me down
push me to the shore
oh the river is cold
got a fancy way of staying warm
down as you go
I'll weather the storm, I'll weather the storm

I've been in love a couple times, but never in love with myself
and that's a problem that I'm dealing with
I'm feeling better then I've ever felt
yah I know that
I gotta take things nice and slow
take my time and let things go oh oh
but in a moment it will feel okay
yaa it's better when I loose control

(Chorus)

I smoked too many cigarettes, drank to much alcohol
and that's a problem that I'm dealing with
Yeah it's probably better not to get involved

(Chorus)
