Crash & Burn

Framing Hanley

On a bridge in a hurricane. I need a quick solution.
Don't be cheap with the Novocaine. This could leave quite the contusion.
All your promises and alibis ain't coinciding.
Lines of skeletons are forming at your door.Crash and burn. I know that this won't last.
I can't erase my past but I can rewrite the end.
Live and learn, I wanna take control.
Those years took their toll but I'd do it all over again.I'll be quick, you've no time to spare.
Busy burning bridges by the bundle.
A braindead heart can't learn to care.
Just sit back and watch it crumble
All your promises and alibis ain't coinciding.
Lines of skeletons are forming at your door.
Crash and burn. I know that this won't last.
I can't erase my past but I can rewrite the end.
Live and learn, I wanna take control.
Those years took their toll but I'd do it all over again.
I'd do it all over again.Please excuse the mess you left.
All these lives that live on shelves.
Sorry if I don't make you feel at home.
Can you feel that?
The weight of the world in your hands.
No.
Crash and burn. I know that this won't last.
I can't erase my past but I can rewrite the end.
I can live and learn, I wanna take control.
Those years took their toll but I'd do it all over again.
Someone save me
Before I drown.
