

Collection of Goods

Collective Soul

Resonate in tones of saving grace
Separate from the Gods of hate
Alleviate all our doubting ways
Congregate to more loving daysA collection of peace where we could live
A collection of hope for us to give
A collection of words that mean we care
A collection of love for us to shareRecognize all equality
Vocalize solidarity
Exercise your tranquility
Glamorize all of love's needsA collection of peace where we could live
A collection of hope for us to give
A collection of words that mean we care
A collection of love for us to shareShe wants more she says
He wants more he says
I, want want more I say
He could take some moreShe wants more she says
He wants more he says
I, I want more I say
He could take some moreA collection of peace where we could live
A collection of hope for us to give
A collection of words that mean we care
A collection of love for us to shareA collection of peace where we could live
A collection of hope for us to give
A collection of words that mean we care
A collection of love for us to shareShe wants more, she says
He wants more, he says
I, want want more, I say
He could take some more
