Canyon Blues

VGATE

why this dawning may be you gone deaf
may be sound wide mountain canyon
monday funday where ja find it
hope she call
when you gone down see your old one
your brother might have he may have gone safe
jenny done gone she said her son gone
find a rider make it at night
make it on down say why not
chiming chiming bells come tolling
that's may death toning
it might be this morning
i got the one day,
two day three day
and I'm gone
yes and I'm gone
