We Belong (feat. Katie Herzig)

RAC

We belong to where we're going
Where we're going
We belong to where we're going
Where we're going
We belong to where we're going
Where we're going
We belong to where we're going
Where we're going
We belong to where we're going
Where we're goingYou belong to my heart
Before you came
Just an ache in my chest
For blue in my veinsIt was so easy to feel you
So that's what I clung to
But nothing seems real till
You touch who you're meant to beUNTIL YOU CAME TO ME
UNTIL IT CAME TO BE
UNTIL I CAME TO SEE
UNTIL YOU CAME TO METhere's a way that you look me straight in the eys
Only lasts for a moment, it lasts through the night
It's so easy to hold you, it's so easy to mourn to
It's a dream to be close to you, didn't know you were meant for meUNTIL YOU CAME TO BE
UNTIL IT CAME TO BE
UNTIL I CAME TO SEE
UNTIL IT CAME TO BEWe belong to where we're going
Where we're going
We belong to where we're going
Where we're going
We belong to where we're going
Where we're going
We belong to where we're going
Where we're going
We belong to where we're going
Where we're going
