# Party People

## N.e.r.d.

What I need, what I need is that girl there
(Get up)
What I need, what I need is that girl there
What I need, what I need is that girl there
(Your dreams have now been fulfilled)
What I need, what I need is that girl there
What I need, what I need is that girl there
(C'mon)
What I need, what I need is that girl there
What I need, what I need is that girl there
What I need, what I need is that girl there
What I need, what I need is that girl there
(Get up)
What I need, what I need is that girl there
What I need, what I need is that girl there
(Let's go)
What I need, what I need is that girl there
Hey, hey, what do you think?
It's gettin' right time, where your drink?
Hey, oh, 'fore the place blow
Make up your mind girl, c'mon
Let's just go
You can bring your friends, girl
(Let's just go)
Forget about the type
(Let's just go)
Don't worry 'bout the mornin'
(Let's just go)
Just worry about tonight
Yeah
What I need, what I need is that girl there
(Do you like it?)
What I need, what I need is that girl there
What I need, what I need is that girl there
(Do you love it?)
What I need, what I need is that girl there
What I need, what I need is that girl there
(Is it kickin' in?)
What I need, what I need is that girl there

What I need, what I need is that girl there
(Are you high?)
What I need, what I need is that girl there
(Party people)
What I need, what I need is that girl there
What I need, what I need is that girl there
(Party people)
What I need, what I need is that girl there
What I need, what I need is that girl there
(I came to get down, down)
What I need, what I need is that girl there
(Down, down)
What I need, what I need is that girl there
(Down, down)
What I need, what I need is that girl there
(Down, get the up)
What I need, what I need is that girl there
What I need, what I need is that girl there
What I need, what I need is that girl there
What I need, what I need is that girl there
What I need, what I need is that girl there
What I need, what I need is that girl there
What I need, what I need is that girl there
What I need, what I need is that girl there
Hey, babe, if they complain
Tell them motherfuckers this yo' stage
Yeah, yeah, hands in the air
I spray champagne everywhere now
Let's just go
You can bring your friends, girl
(Let's just go)
Forget about the type
(Let's just go)
Don't worry 'bout the mornin'
(Let's just go)
Just worry about tonight
Yeah

What I need, what I need is that girl there
What I need, what I need is that girl there

Hit her on a shot of Remy, promise she don't get a penny
What the bid'ness, let my homies slide up in it when I'm finished
The number 1 pussy popper, f'real it's not just an image
Like tennis get served while she licks her
All I need's that girl right through, listen here
She playin' under her dress, soakin' wet, no fur
Who one-o-one sex? Not me, no sir

(Party people)
What I need, what I need is that girl there
What I need, what I need is that girl there
(I came to get down, down)
What I need, what I need is that girl there
(Down, down)
What I need, what I need is that girl there
(Down, down)
What I need, what I need is that girl there
(Down, get the up)
