

I Feel You

Peter Andre

Everything about you is so right
Baby you know that I'm so proud
To say you're mine all mine
Why do you leave me standing like a fool
Is something that I've said
Or done to you You know I wonder oh I wonder
If you're coming home tonight
I'm thinking
What it could have been babe
Can't get you off my mind
I've opened up the door
But in my heart...Chorus
Feel you running away from my love
Why you running away from my love
It's cold when we're apart
And it's playing on my heart
The moments that we've shared will stay
In my heart...I feel you Thinking of the lovin` That we make
baby, I love the way
You touch me in your special way
So why do I just feel like a man
That's been played
Tell me it isn't true
I'm begging baby stay You got me going crazy
I've been waiting by the phone
I'm thinking about the things
I want to do to you
Soon as you get home
I give you everything
But in my heart...Chorus You know I wonder oh I wonder
If you're coming home tonight
I'm thinking of the bedroom baby We'd be making love, making love
Oh, if only you'd come through the door
I know you can't ignore
All of the love you ever need
I want to give you more Chorus (2x) And it's playing on, on my heart...
