

All I Want

The Photos

All I want from life is thrills
Just need a guitar that kills
A noise till I can't hear
That's all I want and you near

All I want is a hotel room
And I need a full moon in June
Gonna make it my career
That's all I want, your body, dear

Aunt Maybelline said it was a shame
Mum and Daddy said they weren't to blame
Why did it happen to our little flower?
They think there's something wrong with my brain

All I want is an attitude
All I need is greasy food
In a while, sink a beer
That's all I want and you near

All I want is a hotel room
And I need a full moon in June
Gonna make it my career
That's all I want, your body, dear

Aunt Maybelline said it was a shame
Mum and Daddy said they weren't to blame
Why did it happen to our little flower?
They think there's something wrong with my brain

All I want is ice cream
And little pills to make me dream
Gonna make it my career
That's all I want and you near

All I want is a hotel room
And I need a full moon in June
Gonna make it my career
That's all I want, your body, dear

Aunt Maybelline said it was a shame
Mum and Daddy said they werenâ€™t to blame
Why did it happen to our little flower?
They think thereâ€™s something wrong with my brain

Aunt Maybelline said it was a shame
Mum and Daddy said they werenâ€™t to blame
Why did it happen to our little flower?
They think thereâ€™s something wrong
