

What Can I Do?

Mobb Deep

[Havoc]

Yeah... uh-huh {'What can I do?'}

Yeah yeah... (What's goin on man?)

(The f**k is goin on man?)

Yo {'What can I do?'} To make that paper was the trait that I received at birth

Niggaz jealous and hatin on me {'What can I do?'}

When they plottin and schemin on me, the hammer just keep it on
me

F**k the fame and glory {'What can I do?'}

When your shorty gets nasty and horny, she all over me kid

You locked down, doin a bid {'What can I do?'}

With a nigga, tryin to take food off of my plate

And you know I got a kid {'What can I do?'}

When my stomach touchin, ribs showin

You off in the corner glowin {'What can I do?'}

Nothin else, but to take what's yours, convert it to mines

From the cash to the shine {'What can I do?'}

When shit is so f**ked up, can't tell wrong from right

Right from wrong {'What can I do?'}

When they say, life is short, to you it's the cash

Todday it's seemin long {'What can I do?'}

Now I try to keep a positive look, my motto to jux

But can't seem to stay focused {'What can I do?'}

They say, an unoccupied mind's the devil's playground

So I sat and wrote this, to kill time {'What can I do?'} [Prodigy]

Yeah yeah that's that gangsta shit son

I feel you my nigga.. (that's right that's right) {'What can I
do?'}

(Infamous baby you ain't know?) We gon' do it like this (That Mobb shit nigga) {'What can I do?'} But send
niggaz to hell

They try and stop me from cashin in man {'What can I do?'}

But squeeze without thinkin, flip without warnin

I got the drop on 'em {'What can I do?'}

You know, give it my best, empty this clip

And if live and happen to snitch {'What can I do?'}

Except, find his home, bring it to his family

Should I shoot his moms? {'What can I do?'}

F**k it, send him a warnin, lick that bitch

Let him know the shit is on {'What can I do?'}

It's not my fault, it's just the game we in
And when you violate codes {'What can I do?'}
But punish niggaz for they actions
My shit jam when I start blastin, no {'What can I do?'}
Just relax, take out the clip, fix that shit
Put the clip back and keep goin {'What can I do?'}
Man you gotta keep your thug showin
People take kindness for weakness and so {'What can I do?'}
But be a cold-hearted bastard
This world is f**ked up, and that's how it go {'What can I do?'} (F**k that son, Infamous nigga) {'What can I
do?'}
(For two-thousands baby, y'all niggaz got your own) {'What can I
do?'}
(Your little run, your little five year run ten year run)
(Y'all niggaz small time baby) {'What can I do?'}
(Small time baby, beneath us baby) {'What can I do?'} {'What can I do?'} {'What can I do?'}
{*echoes*}
