Who Do They Save?

Lower Class Brats

Advisory - the following lyrics contain explicit language:

(from the
compilation- Punx Unite)who do they save
tell me what is good for me
i need to see the light
teach me how to hug a tree
and save me from the right
tell me that your better than me
and welfare is theft
teach me how to sieg heil
and save me from the leftleft and right it's all the same
i won't play your politics game
who the fuck do they save
when they make us the systems' slaverocks and bottles, guns and bricks
i'll stand up and fight
but not for fucking slogans
from the left or from the right
politics is the enemy
and justice is the goal
anger is my weapon
and a soilder is my role
