

# Who Do They Save?

## Lower Class Brats

Advisory - the following lyrics contain explicit language:

(from the  
compilation- Punx Unite)who do they save  
tell me what is good for me  
i need to see the light  
teach me how to hug a tree  
and save me from the right  
tell me that your better than me  
and welfare is theft  
teach me how to sieg heil  
and save me from the leftleft and right it's all the same  
i won't play your politics game  
who the fuck do they save  
when they make us the systems' slaverocks and bottles, guns and bricks  
i'll stand up and fight  
but not for fucking slogans  
from the left or from the right  
politics is the enemy  
and justice is the goal  
anger is my weapon  
and a soilder is my role
