Ride

Darren Hayes

Come on
Baby baby come on
Baby baby come on
You only know one half of me
Up until now it's all I let you see
I used to reveal selectively
But now I'm changing
So baby come on inside
Baby get on this ride
Get closer to me
Don't you know that
It's time to take control
To take what's mine
Gonna take it home
I think I'm about to fly, so here we go
Baby get on this ride with me
Baby come on sit next to me
Baby get on this ride hold on tight
Cos we've got all night
Baby get on this ride with me
I wanna feel you next to me
Baby get on this ride
Hold on tight
Buckle up right now
Baby come on
Feels like I've been locked up all my life
Held down denied the right to fight
Nobody else could do this right
I'm just arriving
Baby get on this side
Baby get on this ride
Get closer to me
Don't you know that
It's time I let you know
I got so much further that I could go
It's time to start the show
So here we go
Baby get on this ride with me
Baby come on sit next to me

Baby get on this ride hold on tight cos we've got all
Night
Baby get on this ride with me

I wanna feel you next to me
Baby get on this ride
Hold on tight
Buckle up right now
Baby come on
If you want what I want we won't have a problem
You see in the past I just compromised
I've been taking a backseat but that's not me no longer
I don't feel shy, don't want to hide, I'm ready to fly
Now baby come on
Come on
All you my people, my people
Tell me now
Baby come on
Baby get on this ride with me
Baby come on sit next to me
Baby get on this ride hold on tight cos we've got all night
Baby get on this ride with me
I wanna feel you next to me
Baby get on this ride
Hold on tight
Buckle up right now
Baby
Get on this ride with me
I wanna feel you next to me
Baby get on this ride hold on tight cos we've got all night
Baby get on this ride with me
I wanna feel you close to me
Baby get on this ride
Hold on tight
Oh yeah
Come on
Baby get on this ride hold on tight
Tell me
My people, my people
All you
My people my people
(repeat)
Tell me
