

# Babylon Boops

## Lovindeer

Then you mean to tell me say, you never do him nothin  
And him just fat up your eyes off?

Is true, he make me eye black and blue  
Then ask what the hell the police can do.

No mind ya my dear, I go an pay him a visit.

[Knock knock]  
Who dat?

Police. Boy Blue.

Ohh, so you is the Babylon Boops that is causin  
Disruption in me domestic affairs.

I am constable Brown they call me Boy Blue  
I have here a warrant to arrest you  
Cause you beat up your girl till she black and blue  
Then ask what the hell the police can do

I come to show what police can do  
I going show what police can do

I have a baton hard like rock stone  
I going introduce it to your jawbone  
Box all your teeth till you moan and groan  
And your ears them ring like government phone  
Broke up your nose, horrify your looks  
Cause you shouldn't call me Babylon Boops

I come to show what police can do  
I going show what police can do

A long time ago there some human  
It seem like you love they beat up woman  
Cause every little thing a no raise a no hand  
Like you seek to bring them from this land  
Well we the police we no called Babylon  
We have to give them protection

Roses are red violets are blue  
Stadium bulb bright but not bright like you  
Cause you beat up the girl till she black and blue  
Then ask what the hell the police can do

I come to show what police can do  
I going show what police can do

I going make you feel some babylon lick  
Babylon box and babylon kick  
Choke me baton down  
Deny your cry  
Make you learn them have respect for the law  
Fracture your shin  
Broke your kneecap  
Then you will know some mean nasty knock  
Haul and pull you like a gold crook  
Cause you shouldn't call me Babylon Boops  
I am constable Brown they call me Boy Blue  
And now you will know what one boops can do

I come to show what police can do  
I going show what police can do

Boop boop bop boop boop bop

Almost every woman who walk this land  
Have a boops or two it's part of the plan  
Some drive bus some drive a minivan  
Some are politician some are babylon  
Now when them wire one racket on you  
There's nothing in the world that you can do  
Cause if you follow them it's trouble for you  
Cause there is a lot the police can do

I come to show what police can do  
I going show what police can do

I going make you swallow all of your teeth  
You live on soup can't eat no meat  
Then I gonna carry you down a station  
Let me friends them get piece of the action  
I did come to reason with you  
Cause I know what woman can do  
I am a man of the world like you  
My woman could give me bone too

I was going let you off a the hook  
But you come and call me babylon boops

I come to show what police can do  
I going show what police can do

A long time ago there some human  
It seem like you love they beat up woman  
Cause every little thing a no raise a no hand  
Like you seek to bring them from this land  
Well we the police we no called Babylon  
Come here to give them protection
