

I've Got a Secret

[Abdoujaparov](#)

I've got a secret, I can't tell you
I've got a secret, I can't tell you
I've got a secret, I can't tell you
I've got a secret, I can't tell you
 You would judge
 You would judge
 You would judge
 You would judge
I've got a secret, I can't tell you
I've got a secret, I can't tell you
I've got a secret, I can't tell you
I've got a secret, I can't tell you
 You would judge
 You would judge
 You would judge
 You would judge
I've got a secret, I can't tell you
I've got a secret, I can't tell you
I've got a secret, I can't tell you
I've got a secret, I can't tell you
 You would judge
 You would judge
 You would judge
 You would judge
Why can't we be friends?
We can't pretend you don't love me
 You don't love me
Why can't I kiss her lips?
Why can't I be with him?
 Homophobic pricks
 Homophobic
