

# Sedated

## Spiritual Beggars

Sedated every night  
I had my wine and my joints  
A couple of sleeping pills  
Tears of tiredness dripping down  
But after a while, I began to lose my song  
After a while, it wasn't fun no more  
Sedated when morning comes  
Sitting with a troubled head  
Sedated but the sun don't shine  
Await my suicide
