Junkie

Ozzy Osbourne

You're coming down badly, you're crippled inside
A rat in your sewer, you've no place to hide
A gut wrenching fever, addicted to death
You don't give a fuck if it means your last breathYou try so hard to quit but you'll never admit
You're the junkie
There's no reasoning why 'cause the mirror don't lie
You're the junkieYou crave for the needle to stick in your vein
Can't wait for the poison to kill all the pain
You buy your cheap ticket to take a short ride
That beautiful flower is eating your mindYou try so hard to quit but you'll never admit
You're the junkie
There's no reasoning why 'cause the mirror don't lie
You're the junkieYour name means nothing
You don't know the score
Body is aching, you still crave for more
Sometimes, you wish that you'd never been born
Tormenting came with a crown full of thornsYou're chasing the dragon, you're chasing the high
A bird with one wing who's still trying to fly
You're all out of spirit, a dead man alive
A born again junkie, you'll never surviveYou try so hard to quit but you'll never admit
You're the junkie
There's no reasoning why 'cause the mirror don't lie
You're the junkieJunkie
Junkie
Junkie
