You ain't never seen no motherfucker pimp like me
Stay up in the street lookin' for honies throwin' money in the club
Chubby thug ballin' in the white teeRoll a swisher up and take it to the head
Havin' fantasies of havin' me two bitches in the bed
Dark skinned and light skinned like Mike
Both of 'em lookin' right

Spectacular when I get up in them legsHave you ever seen a light-skinned freak?
Butter pecan or vanilla, nipples and her pussy pink
(Hazel-eyed jet black baby hair that'll hurt yo' heart)
Have you ever seen a dark-skinned freak?

Sexy and chocolate when she droppin' in my African Queen
(When she starts sweatin' she's like a Hershey bar)The three of us need to drive up to an exotic place
Where y'all can double up on me, take me to outer space
Or we can keep it ghetto while hang in the hood on the porch
And later on we can fuck in front of the fireplaceBut for now I'm only dippin' through the block
Expressin' to you all of the feelings in my chest
Wishin' I could find a couple of girls on what I'm on
So they could help me end my stress until then I'm justRollin' down the street on some shiny twenty-fo's
Pullin' up with chocolate fe's and redbones
(Pullin' up Chocolate fe's and redbones)
Blowin' on some 'dro when I spit my money flow

(La la la la la)

Pullin' up with chocolate fe's and redbones Rollin' down the street on some shiny twenty-fo's

Blowin' on some 'dro when I spit my money flow

Pullin' up with chocolate fe's and redbones Look at lil' red

Talkin' jazzy at the mouth, 'cause she think she the shit

Thinkin' everybody around supposed to bow down to her

'Cause she's spoiled but she's still my bitch Now come take a look at Miss Black

Always got an attitude and she stay on the attack

Why you always wanna whoop a nigga ass

Tellin' me I'm bogus but I love you 'cause yo' ass so fat So now I gotta Pimp My Ride

Custom interior, computer and chrome on the side

Paint job can make you look like butter rollin' but you ain't rollin'

Unless you got some twenty-fo's on the ride

And the do' suicide Niggaz hatin' but the bitches on the dick

When the do's go up

Let the enemies see it good, when the homies in the ride

And the forks and the fo's go up Steady bendin' through the block and I'm tryin' to find a ho

(And I'm pullin' up with somethin' candy painted man)

Everybody call me Twista, representer for the city of the dough

(Standin' out on Madison screamin' out, ain't it, man)
