

# Conspiracy Of One

## The Offspring

Red over white  
It's one last fatal scene  
Brought on by someone unseen  
Moving on their own  
Bring on the night  
And bring us all to our knees  
All are gone and none agreed  
One who acts alone

Nobody wins  
Nobody hears us fall  
Nobody wins  
When it's done  
Conspiracy of one
