

Too Much

Bonaparte

You know too much, too much, too much, too much, too
Much

Much too much, too much, too much, too much
Much too much, too much, too much, too much, too much
Much

You know James Joyce, I like your voice
You know Baudelaire, I like your hair
You know Churchill, I know kill bill
You know Tolstoy, I know playboy
You know politics, I know party chicks
You know Wall Street, I just want to meet
You know common law, I ask my ma
You know Sanskrit, come on and say it
You know economy, well I believe in what I see
You know Sophie Scholl, I love rock 'n' roll
You know algebra, but you don't wear no bra
Do you speak Japanese?

You know too much, too much, too much, too much, too
Much
Much too much, too much, too much, too much
Much too much, too much, too much, too much, too much
Much

You know so much, so much about everything
All that I know, I know I've got a song to sing
You know so much, so much about this and that
You know myspace, yourspace, what is the human race?

B-day, d-day, DJ, Cassius clay
Batman, Spiderman, Superman, Tarzan
Einstein, Bernstein, money, money, red wine
Eisenhower, Beckenbauer, ddr, Berliner Mauer,
Vietnam, Guernica, Stalingrad, Hiroshima,
Watergate, Waterloo, Austerlitz, dien-bien-phu
Mao, Hotschimin, Valium, amphetamine
You and me and one two three and who could be a
Refugee?
Spam, spam, spam, spam, spam, spam, spam, spam,

Spam, spam, spam, spam, spam, spam, spam, spam.

You know too much, too much, too much, too much, too
Much

Much too much, too much, too much, too much
Much too much, too much, too much, too much, too much -
Too much

It's so banana, I really just wanna wanna...
It's so banana, I really just wanna wanna...
It's so banana, I really just wanna wanna wanna...
It's so banana but it's true

You know too much, too much, too much, too much, too
Much
Much too much, too much, too much, too much
Much too much, too much, too much, too much, too much
Too much
