Opolopo

I got a one way ticket and Im planning on comin' back
I got body full of kicks and Im heading right for the sack
I got some bad-ass speakers playing Miles in a silent way
I gonna say my good byes and Ill turn right round and stayI got a one way ticket and Im planning on comin' back
I got body full of kicks and Im heading right for the sack'Cause I'll go where I dont wanna go
(Yeah Ill go)
And I know when I don't know how
(I know)
Ill smile with a tear in my eye
(Ill cry)
And Ill stay when I say good byeBut you know its night when the morning comes to my heart
Then you know its over when its time for me to start
Yeah, Ill start the clock when you go across the finishing line
And Ill turn it left on the right turn, turn off signYes, Ill go where I dont wanna go
(Yeah Ill go)
And I know when I don't know how
(I know)
Ill smile with a tear in my eye
(Ill cry)
And Ill stay when I say good bye, good byeWhen I say goodbye
When I say goodbye
When I say goodbyeIll go where I dont wanna go
(Yeah, Ill go)
And I know when I don't know how
(I know)
Ill smile with a tear in my eye
(Ill cry)
And Ill stay when I say good byeIll go where I dont wanna go
(Yeah, Ill go)
And I know when I don't know how
(I know)
Ill smile with a tear in my eye
(Ill cry)
And Ill stay when I say good bye
