I Miss You

Court Yard Hounds

I, I would follow you
Around the world and back again
Yes, I'd give anything
Just to see your face another day
And time is a precious thing
When tomorrow you fly away
But I see you on the phone
But it's not you just shades of gray
And I miss you
I can't wait to kiss you
Yes, I miss you
I can't wait to kiss you
When you come around back
I can make a choice
To fade away or make a stand
And you gave me my voice
But being gone wasn't in my plan
And I miss you
I can't wait to kiss you
Yes, I miss you

I can't wait to kiss you
When you come around
Boy, you've been everywhere
You go around the world and back again
With you I can be myself
But tonight I'm going to be alone
And I miss you
I can't wait to kiss you
Yes, I miss you
I can't wait to kiss you
And I miss you
I can't wait to kiss you
Yes, I miss you
I can't wait to kiss you
When you come around
Come around, come around
When you come around
Come around, come around

Come around
