

# Look What Happened (Live, London)

## Less Than Jake

And I swear it's the last time  
And I swear it's my last try  
And we'll walk in circles around this whole block  
Walk on the cracks of the same old sidewalks  
Then we'll talk about leaving town  
Yeah we'll talk about leaving  
I swear it's the last time  
And I swear it's my last try We rode across that bridge all night  
We talked our way through city lights  
Traced all the lines, were killing time  
Under those buzzing signs  
From downtown to anywhere but here  
Tonight yeah I swear to these rooftops  
And just hoped that car would never stop And I swear it's the last time  
And I swear it's my last try  
And we'll walk in circles around this whole block  
Walk on the cracks of the same old sidewalks  
And we'll talk about leaving town  
And we'll talk about leaving  
I swear it's the last time  
And I swear it's my last try We drove around this place all night  
Past closed signs and familiar sights  
We're moving by, passing time  
Counting those center lines  
With twenty thousand lines left to go  
That lead to somewhere I don't know  
It might be the time that we leave this all behind And I swear it's the last time  
And I swear it's my last try  
And we'll walk in circles around this whole block  
Walk on the cracks of the same old sidewalks  
And we'll talk about leaving town  
And we'll talk about leaving  
I swear it's the last time  
And I swear it's my last try And there's been a few times  
That we, we thought it felt right  
To take the westbound signs  
And just leave town tonight And I swear it's the last time  
And I swear it's my last try  
And we'll walk in circles around this whole block

Walk on the cracks of the same old sidewalks  
And we'll talk about leaving town  
And we'll talk about leaving  
I swear it's the last time  
And I swear it's my last try And I swear it's my last try And we'll talk about leaving town  
And we'll talk about leaving town
