Each And Everyday

Best Coast

Every day's the same
I feel like I'm losing my mind
All I do is think about you all the time
I don't even know why I care as much as I do
I just wish that you would tell me is this real or are we throughEverything I said to you that's not meant I've been crazy
That I want you to know that I meant it, I meant it
I meant it all, babyYou
You
You
You will never fall in love
You will never fall in love
You will never fall in love
You will never fall in loveEven though I never get to see what I always want to
And even through the cheatin, all I know is that I want you
I wish we could go back to when I was 17
And I wouldn't, wouldn't, wouldn't, wouldn't
I wouldn't have been so meanYou
You
You
You will never fall in love
You will never fall in love
You will never fall in love
You will never fall in loveEveryday I wake up and I thank the stars above
For sending me a man who I could really love
If only I could convice you to feel the same way
We could be so very happy each and every day
Each and every day
Each and every day
