

Beautiful Life (feat. Jaclyn Walker)

DJ Gozzi & The Extraordinary Gentlemen

Iâ€™m still in a dream when I open my eyes
The stars are aligned in the sky
Could this be real ? is it forever ?
A beautiful life
Oh what a beautiful life
Oh what a beautiful life
Could this be real ? is it forever ?
A beautiful life
I felt forgotten behind and alone
Nowhere to run to had nowhere to go
Picked up the pieces of my broken soul
Put them together and made myself whole
I paid the price but it made me wise
I'm proud of these scars itâ€™s a beautiful life
Whoah woah woaaah oh a beautiful life
Iâ€™m still in a dream when I open my eyes
The stars are aligned in the sky
Could this be real ? is it forever ?
A beautiful life
Oh what a beautiful life
Oh what a beautiful life
Could this be real ? is it forever ?
A beautiful life
Oh what a beautiful life
Oh what a beautiful life
Could this be real ? is it forever ?
A beautiful life
