

# How Strong Are You Now

## Rascal Flatts

When she told you goodbye  
You didnt flinch  
When she looked back  
You didnt even budge an inch  
You stood there like a stone  
But now thats shes goneHow strong are you now  
Without her around  
You cant even keep  
One little bitty tear from falling down  
Tell me how strong are you nowBefore she left you told yourself  
It cant hurt that much  
Now you're double over like  
You took a punch  
No, she aint coming back  
Tell me how much can you take of thatHow strong are you now  
Without her around  
You cant even keep  
One little bitty tear from falling down  
Tell me how strong are you nowWhats that rule that you live by  
A tough guy never cries?How strong are you now  
Without her around  
You cant even keep  
One little bitty tear from falling down  
Tell me how strong  
Tell me how strong are you now, yeah  
How strong are you now, ohhWhats that rule you live by  
You say tough guys never cry?  
But how strong are you now
