

Take a Chance

Lucina

OhhhhhEveryone has faults and here are mine

Take me as I am or walk on by

Just go

You might think that you are everything

People bow down to you like you're king

Just knowNobody is perfect this I know

There is always room for us to grow

Time to make changes

But I know that deep down inside

Nobody should ever need to hide

Who they really areTake a chance get to know me

I'll give you everything you need

I'll open up my heart to you

And I only hope that you will tooSometimes people can lead you on

Bring you in close and then they're gone

Ahhh

I thought that you were worth my time

Thought I knew you but its all a lie

OhhhLearn from the past and just move on

Find someone new who wont treat you wrong

And start over

Just be yourself and stay true

To who you are and what you wanna do

And hope that it's enoughTake a chance get to know me

I'll give you everything you need

I'll open up my heart to you

And I only hope (I only hope I only hope I) that you will tooTake a chance get to know me (get to know me)

I'll give you everything you need

I'll open up my heart to you (my heart to you)

And I only hope that you will too

That you will too

That you will too
