

You Got It Wrong

Rasmus

When you found me on the street
Did you think you rescued me
Bet you thought without you I would die
Like a snake you swallowed me
I took it till I couldn't breathe
Just to bring your fantasies to life
You count on the faithful
To get your way
And to follow your light You got it wrong now
Cause I don't give a
I'm not your believer
You got it wrong so
I guess you're out of luck
Your dream just lost a dreamer You fool me with your mystery
Preaching peace and charity
But I see through your vanity and lies
You think you got the best of me
But I will rewrite history
I'll take back my life to your surprise
If I could make it as painful
As you did for me
I'd be just wasting my time Chorus There's a little part of me
That would like to see you cry
Even if it's just one tear
I know it would never dry Chorus
