Road Rage

Dizzee Rascal

Get in the car Road rage My knuckles are white and my face is bright red Road rage Doin' 65 on a suped-up moped Road rage Is that you that gave me the finger? Road rage How come you won't turn off your blinker? You shouldn't drive like that I got a baseball bat You're gonna get it You're gonna get it Roll down Your window and see There's a psycho in your rear view mirror It's me Road rage If honkin' my horn don't get your attention Road rage I'll stick my fist up your ass like my name was Jim Hensen My blood is boilin' Your car's annoyin' I'm gonna get ya I'm gonna get ya Don't flash Your high beams at me You wouldn't like it When I'm angry you see I got the road rage Ba-ba-ba-ba-ba-ba-ba Ba-ba-ba-ba-ba-ba-ba-ah What's that I step on my gas and pass your ass 'Gonna check you out while you do your hair You're drivin' around like you just don't care I got the road ra-a-age So chill Get off my grill

You drive too fast I'll make you crash
